

Trade-In and Save!

Winston
foodservice

Ever chucked a holding cabinet out the window? Ever wanted to? At the risk of injuring someone, please don't! Instead, let us take care of it. Really. Send us photos or serial tags of your out-of-date, broken, or useless cooking, retherming, or holding equipment and SAVE UP TO \$1,000 on NEW CVap® equipment of the same application.

Yes, you read that right. Save up to \$1,000 PER piece of equipment from another manufacturer. How awesome is that?

Is it our goal to kick our competitors out of your kitchen? Of course, but mostly we want to help you save money on new equipment! Plus, your kitchen will be equipped with the best products out there!

As an added bonus, if you've been in love with CVap equipment for longer than you can remember and need to trade in an old one, we will give you an additional \$250 towards your next Winston product. That's a total of up to \$1,250 when you trade one Winston product for another!

C'mon, what are you waiting for?

Trade-in valid toward purchase of most CVap Holding Cabinet models, most Cook and Hold Ovens, all Retherm Ovens and Collectramatic® Fryers. See reverse for full details and a complete listing of eligible units.
For more information, contact Winston at Insidesales@winstonind.com.

CVap®

COLLECTRAMATIC®

Don't put up with old or inefficient equipment any longer. Contact Winston Foodservice or your local representative today for more information.

6-Head	\$1,000
Winston model trade-in additional	
	\$250

Trade-in Procedures

1. One form per trade-in related purchase order is required.
2. Contact your Winston Foodservice (FS) sales rep to identify and qualify trade-in opportunity and calculate rebate amount. Any existing piece of equipment to be considered for the trade in must be a similar piece of equipment (holding cabinet for holding cabinet, etc.), unless approved by Winston FS Sales. It is allowable to trade in a cooking unit for a retherm oven.
3. Your Winston FS sales rep will qualify the trade-in equipment and assist with completion of the rebate form to include all contact information, photo of unit, and photo of serial tag to be submitted to Winston FS at Insidesales@winstonind.com.
4. Your Winston FS sales rep will submit the completed rebate form to the factory with pictures of unit as stated above. Loyalty Rebates submitted without all requested information shall result in the additional \$250 being forfeited from rebate total.
**Winston model stacked pair rebate not to exceed \$1,250 and competitor stacked pair rebate not to exceed \$1,000.*
5. Winston reserves the right to disapprove rebate applications. If there are any discrepancies contained in the rebate form, the rep will be notified immediately.
6. Winston Accounting Department will issue the trade-in rebate after receipt of payment for the trade-in equipment. Allow 6-8 weeks from receipt by Winston of invoice payment for issuance of trade-in payment.
7. Completed trade-in forms must be received within 90 days of the invoice date. Forms received beyond 90 days will be rejected. Orders must be paid in full (by applicable dealer) before checks are remitted to the end-user.

Winston model trade-in additional \$250

Program is subject to change without notice
