

# Extended Equipment Warranty Program

**Winston**  
foodservice

## What's All This Warranty Talk?

Let's face it; warranties are a pain. They're filled with lots of legalese and words we don't know. Plus, there always seems to be a catch. Here's the thing, we understand you have a lot of students to feed and the last thing you need is an oven or holding cabinet down. So we want to make sure the products you buy are backed up by more than promises. We want you to have something backed by confidence and darn good equipment.

CVap® equipment comes with the BEST WARRANTY in the business for schools: 2 Years Labor + 5 Years Parts.

Why do we offer the best warranty in the business? Is there a catch? NO! We offer it because we know our equipment is reliable, and we know it's going to last. We care about the kids you feed, so we've got you covered.

Best  
warranty  
in the  
business!

the  
TOOLS  
YOU NEED  
for the  
STUDENTS  
YOU FEED

## Can I Get One?

Listen, we aren't fans of a lot of rules or regulations. So if you're a school K-12, college, university, vocational and technical school, aftercare or long-term care education facility, then you're in!

## Why So Extensive?

You never know what's going to happen, especially when hot food is involved for thousands of students. You shouldn't have to worry about your equipment. The extended warranty is simply your backup plan in case your kitchen decides to implode. It's that simple.

It's not a way to get you to spend more. It's not a way to trick you into buying something you don't need. No BS. No legalese. No kidding!

## When Can I Get Mine?

If you're as excited about this warranty as we are, let's get started!

See reverse for full details and a complete listing of eligible equipment.
