

FOR IMMEDIATE RELEASE:

April 20, 2021 • Louisville, KY – 2021 Winston Equipment Grant Announced

Contact: Ryan Fertig, Marketing Manager, Winston Foodservice, rwfertig@winstonind.com

Louisville, Kentucky, U.S.A. – The School Nutrition Foundation, the charitable arm of the non-profit School Nutrition Foundation (SNA) has announced the recipient of the 2021 SNF Winston Equipment Grant. This year, the grant was rewarded to Methuen Public Schools in Methuen, Massachusetts.

The grant is underwritten by Winston Foodservice, located in Louisville, Kentucky. Winston has been underwriting this annual grant for over a decade. The purpose of the grant is to provide school systems with the means to upgrade their outdated or broken equipment. Although Winston underwrites the grant, it does not select the recipient. That choice is ultimately made by the School Nutrition Foundation, which selects for the applications submitted by school systems. The grant allows the recipient to select any ten pieces of Winston's CVap® equipment, worth up to \$100,000.

"We've always been big proponents of student nutrition," said Shaun Tanner, CEO of Winston Industries. "We're happy to partner with SNF to make this grant possible. COVID-19 has hit schools particularly hard, and we're happy to do our part to help kids get fed."

About School Nutrition Foundation:

The [School Nutrition Foundation](#) (SNF) is a 501(c)(3) and sister organization of the [School Nutrition Association](#). SNF awards grants and scholarships to the men and women who feed the nation's school children.

[Winston Foodservice](#) is a division of Winston Industries. Headquartered in Louisville, Kentucky, U.S.A., the company offers CVap cooking and holding equipment, Collectramatic® pressure and open fryers, and shortening filters.
