\* 3 series CHV available as smaller unit with 20 amps. \*\*Probe not included.

\*\*\***Android App** - Transfer up to eight settings onto your CVap cabinet by bumping your Android device to the NFC reader. Save LTO menu in one place for consistent execution. This app currently supports 7 series only.

**Desktop App** - The CVap Programmer desktop application allows programming of CVap equipment using downloadable XML files. Download and copy the .xml file onto a USB stick (less than 4GB), then upload to unit. Series 7 only.
